SUMMARY

Roba Alatrach is a graduate of the philosophy department at Damascus University. I received a diploma from the education department of Damascus University. I continued my education and earned a diploma in bioenergy science. To expand my knowledge in the interim, I studied for a year to earn a diploma in criminal psychology.

I'm currently a master's student at the Indian BIMTECH Institute of .Management Technology, where I'm studying business administration

I have been a teacher at Damascus University's Department of Education for over five years, having taught in basic, preparatory, and secondary education. vast expertise instructing students in English at four different skill levels." I worked as a CEO in the center Aram Althakafe to encourage talent, a supervisor of educational counseling, an international trainer for human development, and a psycho-social supporter.

WORK EXPERIENCE

- Dactor online 2024-2025
empowermefirst college

I am teaching 2 subjects:

- performance management
- strategy

·Teacher, Department of Education,

Damascus University

Syria (2023 -2019)

- 1. Giving lectures, offering courses, and developing curricula through:
Organizing workshops, seminars, assessment and evaluation
Delivered lectures and developed course materials; organized workshops and seminars
- 2-Academic supervision by:

Implement assessment strategies that enhanced academic performance (50%)

- 3- Student support:
Providing advice and personal support to students, and helping them improve their study skills and overcome academic challenges. Guiding them in academic planning, which contributed to increasing self-confidence and achieving outstanding academic results.

- This role contributed to developing my skills in teaching, research and effective communication, as well as supporting the educational environment and improving the quality of education at the university.

- **English Teacher**

Syria(2022- 2023)

Center Masters for four levels

- Learn basic English by: designing and delivering engaging English lessons across four proficiency levels, and incorporating a range of interactive technologies and multimedia resources to enhance learning. Promote an immersive environment where students can practice real-life communication skills, improve their language proficiency by 70%, and build confidence in using English through dynamic activities, group projects and practical exercises.
